
Is 18 to young?

Posted by Akezzy - 2009/01/04 20:21

Ok so i got a problem.

My names Adam and im a 18 year old highscool grad. I have been looking at enrolling at the denver campus for some time now but i dont quite have it all figuered out. I dont know about you but it dosent sound very realistic that a bar will let someone serve others alcohole when he cant even drink it. I think my age would be the only thing that would keep me from getting a job. I mean im not some slut with huge titties but im also not a bad looking guy. So my question is, Is 18 to young?

I've known 19 year old bartenders in the Denver area, so it really boils down to how you can present yourself to the person in charge o hiring.

Cheers!

Oh and by the way, can you all help me out?

You see I don't want your money or to buy anything from me or this site, but I do credit if you click on the exact URL I list here because it records ONLY /UNIQUE CLICKS from unique IP addresses, so if you don't click on the link exactly as it is you basically didn't do me any favors.

If I get enough UNIIQUE CLICKS I get something for free.

So if it's not too much trouble please click on the link exactly as it is, and then click on the other link that will show on the page that loads, and then YOUR DONE!

Thanks I really do appreciate it!

Here is the link and remember to click the link that loads on the page, so just two links with two clicks can make a world of difference!
